Seminar on Innovation in Leadership and Management in Higher Education in the Integration Stage

A seminar on Innovation in leadership and management for higher education in the integration stage took place on October 27th, 2016 at SEAMEO RETRAC. There were 75 participants attending the seminar from various universities and colleges in Ho Chi Minh city and surrounding provinces. The workshop aimed at providing innovative solutions in education, practices are leaders, administrators, managers from institutions in Vietnam. Facilitator of the seminar was Prof. Marcus Ingle from Portland State University, USA.

Recent Events

Training Workshop on ICT Applications in Student Assessment and Evaluation

From 23rd to 25th of December, SEAMEO RETRAC was scheduled to organize a training workshop focusing on ICT Applications in Student Assessment and Evaluation for 16 participants from various institutions in Ho Chi Minh City and its neighbor provinces. Participants of the workshop included teaching staff and administrators of universities and colleges in the Region who were interested in integrating ICT into assessing and evaluating students' learning outcomes and performance. Participants at the workshop were provided with knowledge, skills, and applications in assessing and evaluating students.

Workshop on Human Resource Management

From November 28th to 29th, 2016, SEAMEO RETRAC carried out a workshop on human resource management in higher education. The workshop was expected to provide participants with knowledge, trends, and practices in human resource management in higher education. Attending the training workshop were 15 participants from colleges and universities in Ho Chi Minh City

Trainer-Training Workshop on Soft Skills Teaching - Module 3 and Module 1

In order to assist teaching staff, administrators and leaders of Youth Associations and Student Associations of universities and colleges across the country to be updated with the latest information and essential skills for successfully teaching soft skills to students, a series of training workshops on soft skills teaching has been conducted by SEAMEO RETRAC during the year. Module 3, which covered such topics work organization and time management, active learning, leadership, and stress management, and Module 1 which included effective communication, conflict resolution, negotiation, goal setting and team-building, were conducted at the Center from October 24-27, 2016 and December 26-29, 2016 respectively. There were 15 participants attending Module 3, and participants attending the Module 1. These participants came from different educational institutions in Southern parts of Vietnam.

Upcoming Events

Seminar 1 under BUILD-IT Project from January 9th-11th, 2017

From January 9th-11th, 2017, SEAMEO RETRAC in collaboration with Portland State University (United States of America) will host the Seminar 1 of BUILD-IT. The overall objectives of this project are to help the participating executives of STEM universities (sciences, technology, education and math) in Vietnam enhance their competence in leading innovations in their institutions from where they sit through acquisition and application of practical policy and leadership mechanisms to the immediate innovation demands of their universities.
