ENHANCING INCLUSIVE AND EQUITABLE QUALITY EDUCATION IN SOUTHEAST ASIA THROUGH INNOVATIVE EDUCATIONAL LEADERSHIP AND MANAGEMENT

This presentation provides an overview of emerging global trends that have implications for education. It then presents the status and achievements in the implementation of SGD 4 in Asia Pacific with focus on Southeast Asia pre COVID-19, and discusses key issues and challenges in inclusive quality education in the region. It then presents the impact of COVID 19 on education delivery and learning, in particular the most vulnerable and presents and discusses proposed priority actions and solutions for learning recovery as well as transforming education systems in the region. It highlights a few examples of innovative solutions and approaches by UNESCO for inclusive quality education and in educational leadership and management, and concludes with key priority areas to meet our common commitments expressed in the SDG4-Education 2030 agenda.
